01

Chapter 1. Introduction

03

Chapter 2. Linear Static and Element Performance

53

Chapter 3. Material Nonlinearity

103

Chapter 4. Dynamics

143

Chapter 5. Seepage and Consolidation

167

Chapter 6. Slope Stability Analysis Performance

175

Chapter 7. Hysteresis Model

207

Chapter 8. Heat Transfer Analysis Performance

223

Chapter 9. Linear Buckling Analysis

237

Chapter 10. Linear Buckling Analysis

251

Chapter 11. Fatigue Analysis

259

Chapter 12. Material Viscoelasticity
